Bands must enter a minimum of 2 MCBA Championship Qualifying Contest (the last 3 weeks of the regular season).

Each band will have their 2 highest scores from the State Qualifying Contests averaged to produce their Championship Average Score (CAS).

The order of performance at the MCBA Championships will be determined by each band's CAS.

The CAS chart may change radically when lower scores that are being averaged are replaced with higher scores.

Please report any errors or omissions IMMEDIATELY!
